

## Physical Development

Let's get ready for sports day – the children have started learning in their PE lessons how to line up and take turns to complete challenges.

### What can you do at home?

As a family, you could set up an easy game. All you need is a hoop or a target and either small balls or soft objects to throw. Can you take turns to throw one object towards the target and then have a go at joining the back of the line for the next person to have their turn.

## Personal, Social and Emotional Development

This half term we will be starting to think about transitions to Year 1!

### What can you do at home?

Have conversations about change, positive changes in your child's life.

Prompt children to talk about what they have been learning about at school.

Use the school website to support your child learning the names of other staff members.

## Communication and Language

New vocabulary – This half term the children are likely to pick up new vocabulary related to our learning and books that we will be exploring. Can they share these with you at home?

### What can you do at home?

Can your child discuss the similarities and differences about some of the habitats that we have been learning about? Encourage your child to use sentences including the word 'because'.

## Maths

This half term we will be consolidating our learning so far and exploring numbers to 20 and beyond!

### What can you do at home?

Can you quiz your child on their number bonds to 5 and then to 10?

Can your child show you how they know using different equipment at home?

Can your child count out accurately 20 objects.

# Around the World! Summer 1

This half term we will be exploring habitats around the world. We have some exciting events ahead including a visit around the world, a trip to the farm and much more.

## Literacy

The children will be happy to know that we are now moving onto Phase 4, this includes our green tricky words!

### What can you do at home?

Continue to read, read and read some more! Hopefully your child will begin to bring home a larger variety of books now that we move on to another phase, if your child is bringing home repeated books, please continue to work on these to support their confidence and fluency.

In school, the children will be writing a daily sentence. Can your child have a go at writing these at home independently after writing them at school? Please check weekly 'Talk and Walk' posts for this information.

# Year R

Growing together, Learning for Life

## Expressive Art and Design

Animal patterns and print, mask making, painting, crafts are just some of the things we will be exploring this half term.

### What can you do at home?

Can your child sketch their favourite animal?

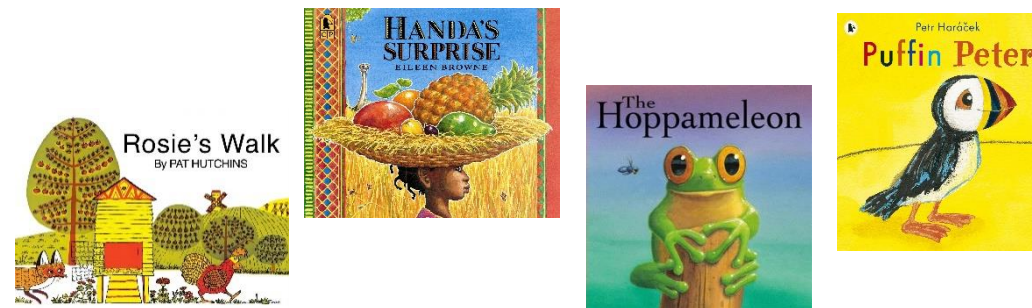

Can you draw an animal print and ask your child to guess what animal it belongs to and why?

## Understanding the World

This half term we are off to the farm, and we can't wait to learn about the different animals.

**What can you do at home?** What animals do you have at home? Can you talk about if the animal came from an egg, where it lives and what it eats?

## Books we will be sharing this half term:
