

North Baddesley Infant School Sports Premium Funding Report 2020-21

Premium Funding

The government funds Sport England, the organisation that decides how to invest government and National Lottery funding to help people across England create a sporting habit for life.

Sport England invests money in facilities, schemes and training programmes that make it easier for more people to play sport and develop their talent. Between 2012 and 2017, Sport England will receive £1 billion from the government and National Lottery funding to invest in projects that will:

- Help more people have a sporting habit for life
- Create more opportunities for young people to play sport
- Nurture and develop talent
- Provide the right facilities in the right places
- Support local authorities and unlock local funding
- Ensure real opportunities for communities

Principles

Playing sport helps to keep people healthy and is good for communities. Playing sport at school or in a local club is also the first step to competition at the highest level, which helps improve our reputation as a sporting nation, and contributes to economic growth.

But when people leave school they often stop playing sports, which means people can't fulfil their sporting potential, and can lead to a less healthy lifestyle. We want to get more people playing sport safely from a young age and help them playing sport throughout their life, no matter what their economic or social background.

The sports premium should be used to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years

Therefore, funding can be used to:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and [Change4Life](#) clubs
- run sport competitions
- increase pupils' participation in the [School Games](#)
- run sports activities with other schools

Number on roll	251
Total Sports Premium Funding 2017-18 academic year	£17,720

How will we sustain this?

Through the use of our school PE action plan we will identify areas where the funding can be efficiently used to support the development of the teaching and learning of PE. This will allow us to have the biggest impact of the children's physical education and learning. Our action plan will be updated regularly to give a 'real time' account of our needs and allowing us to focus the funding where it is needed the most.

The following table shows how we spent the funding in the last academic year.

Spending	Total	Impact	Sustainability
Safety Inspections	£75	This has allowed all equipment to be declared safe to use for all stakeholders.	Safe equipment will reduce the chance of injuries and accidents, whilst giving staff confidence to teach.
Improvement and replacement of sporting equipment To replace and upgrade the sporting equipment which will support the development of the PE curriculum. -General sports equipment for PE	£585	This will give the children opportunities to experience a bigger variety of sports through the curriculum.	The curriculum is constantly evolving and modern equipment will support the teacher's confidence and delivery of PE across the school. It offers more experiences for the children and develops interest in a range of sports.
Staff training through courses to support delivery and consistency of PE delivery.	£500	This will ensure staff are equipped with skills to deliver PE consistency and ensure all children receive good PE lessons.	This will ensure that taught lessons remain consistent with opportunities to share learning and best practise.
Total Spent	£1,160		
Carried forward	£16,560		

Priorities for coming year up to July 2021

<p>Improvement and replacement of sporting equipment To replace and upgrade the sporting equipment which will support the development of the PE curriculum.</p> <p>-Repairs and upkeep of outdoor play equipment</p> <p>-Replacement of broken equipment in Year R grounds</p>	<p>£1000</p> <p>£5000</p>	<p>Repairs and upkeep will maintain a safe environment for all children to develop motor skills.</p> <p>Replace equipment that is showing signs of age and install new equipment to replace it.</p>	<p>Regular maintenance is needed to ensure that all outdoor equipment is safe for all children to use. This will support our legacy of children being active in school.</p> <p>This will ensure that the outdoor area in Year R will be safe for use and support the development for years to come.</p>
<p>-Work in collaboration with Junior School of communal projects</p>	<p>£10,000</p>	<p>The development of a sports provision will allow weather to have less of an impact on PE lessons and create more robust facilities.</p>	<p>This will allow a communal area that all children in the school community can use. It will also enhance the PE provision across the two schools.</p>
<p>Development of areas for gardening and growing food to support healthy lifestyles curriculum.</p>	<p>£560</p>	<p>This will support the taught curriculum on healthy lifestyles and origins of food. This should develop understanding and continue to allow children to develop an interest in the subject.</p>	<p>This will continue to build upon the growing Healthy schools' curriculum. The development of growing our own food and understanding of sustainability and where food comes from.</p>

Priorities for coming year to April 2021

Year 2 Swimming
Cycle ability
Experiences and taster days from PBEEd.
Memorable sporting experience
