

EYFS LEARNING OVERVIEW

KNOCK KNOCK

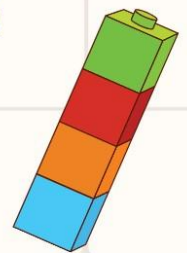

AUTUMN 1

This half term our theme is Knock Knock, where the children explore our school and local environment. They will get to know their world, build relationships with friends and teachers, and take a bus trip around the village to learn about where we all live. We'll share their home scrapbooks, create portraits and peg dolls, and play alongside new friends as we discover interests and build a sense of belonging.

In phonics, the children will begin their reading journey by exploring Phase 2 sounds through the Little Wandle scheme. To support your child at home, please watch our virtual phonics workshop, available on Tapestry.

This half term in maths, the children will explore Match, Sort and Compare, where they notice similarities and differences between objects. They will also investigate Measure and Pattern through practical activities using length, height, weight, capacity and simple repeating patterns. Finally, in It's Me 1, 2, 3, the children will deepen their understanding of numbers 1, 2 and 3 by recognising them in real-life contexts, counting, subitising and representing numbers in different ways.

This half term our focus in music is Together Through Texture. We will be exploring the musical element of texture – how many sounds you can hear at once – and linking it to our school value of respect, especially how we listen, help, and work together.

How can families get involved this half term?
Tapestry
Stay and Paint Workshop
Virtual Phonics Workshop
Parent Consultations

To support our recall of traditional tales, we will be sharing the story of The Three Little Pigs. This links directly to our science learning, where the children will explore different building materials and think about which ones are best for specific purposes.
